Boston, Friday Nov. 14. '57.

Dear Miss Weston,

That you may keep up with the times, I send you a variety of documents:

I. Imprimis: A packet from Rev. George Harris, to Wendell Phillips, enclosing

1. A Note to yourself -
2. Resolutions of Ladies' Society,
3. A letter to Wendell P.
4. Note from a Mr. Greenhow.

The awful chirography of Mr. Harris compelled Wendell to abandon the reading of his letter. I spent a long while over it, - the gist of it is that a Box has come from Gateshead (near Newcastle on Tyne). It is probably here now in the Canada which arrived this morning - & not in the "Canada" as he says, - which latter Ship sailed from L. pool out of her usual turn & arrived in ~~Bat~~ New York last week.

II Second: I have this morning rec'd, & send you herewith a note from Mr. Herbert Thomas of Bristol, enclosing a Note from Mary Estlin (which shows good spunk), a list of articles in the Bristol box, marked with the Custom house prices, & the Selling prices, (this paper I can't of course present at the Custom House, & do not want again) - and a printed slip from the London Morng. Advertiser. Mr. Thomas also sent a Bill of Lading for the Bristol box - but no Invoice which I can use at Custom house.

MS. A. 9. 2. 25. 133

III. Mr. Estlin's letter to me, long promised to be sent you. —

At your convenience please return

I have the pleasure of informing you that the 2 Leeds boxes have arrived in the Plymouth Rock - that wonderful "Indian Queen", you know.

With sincere respects to your Father & Mother, & Lucia,
I am yrs. truly
Sam'l. May Jr.

Miss Anne W. Weston.
